Travilah ES
Computer Lab

•
8:05 am
to 9:05 am

**A great way for kids to be
creative on the computer! and...
Students learn IMPORTANT computer skills!**

In Creative Computers, LLC, kids will learn how to:

- navigate around the computer while creating fun projects
- incorporate text, photos and drawings
- use software for drawing, painting, colors, fills, typesetting, photo manipulation, silhouetting photos, and more
- create photo montages incorporating scanned images, digital photos, type, illustrations and images captured from the web
- create personalized trading cards, websites and more

Have your child bring their computer access password (their teacher can provide.) ***Sign up now 'cause space is limited.***
